TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Goshen in the County of Sullivan in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Goshen on Tuesday, the ninth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To receive reports of Town Officers and take action thereon.

3. To raise such sums of money as are necessary for Town Officers salaries.

4. To raise such sums as are necessary for Town Officers expenses.

5. To raise sums necessary for election and registration.

6. To raise sums necessary for Town Hall and other Town buildings.

7. To raise sums necessary for the Police Department.

8. To raise sums necessary for the Fire Department.

9. To raise sums necessary for Insurance.

10. To raise sums necessary for Civil Defense.

11. To raise sums necessary for the Town Dump.

12. To raise sums necessary for maintenance of Highways and Bridges.

13. To raise sums necessary for Winter Roads.

14. To raise sums necessary for General Expenses, Highway Department.

15. To see if the Town will raise $300 for T.R.A.

16. To see what sum the Town will raise for the Library.

17. To raise sums necessary for Town Poor.

18. To raise sums necessary for Old Age Assistance.

19. To see what sum the Town will raise for Memorial Day.

20. To raise sums necessary for Cemeteries.

21. To see if the Town will raise $49.00 for White Pine Blister Rust.

22. To raise sums necessary for Damages and Legal Expenses.

23. To see what sum the Town will raise for advertising and Regional Association.

24. To raise sums necessary to defray Interest Charges.

25. To see what sum the Town will raise for Hospitals.

26. To raise sums necessary for County Tax.

27. To see if the Town will vote to raise $1,000 to be placed in the Highway Department Capital Reserve Fund.

28. To see if the Town will authorize the expending of funds from the Capital Reserve Account for a Highway Garage.

29. To see if the Town will authorize the Selectmen to sell Town Property.

30. To see if the Town will vote to transact the business of Annual Meetings in the evening instead of the forenoon.

31. To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes.

32. To take up any other business that may legally come before this meeting.

Given under our hands and seal, this ninth day of February, in the year of our Lord nineteen hundred and sixty-five.

EMERSON F. LEWIS,
HAROLD E. BARKER,
ARTHUR W. NELSON,

Selectmen of Goshen

Reimbursement by State Forester	$ 54.46

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (2) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

GOSHEN FIRE DEPARTMENT
1964

This is one of the years when we can be very thankful that our fire loss has been so small.

However, this is not due to luck alone but to you, the townspeople, for the care you have shown in helping your fire department keep the loss down. Removing many of the fire hazards in your homes surely has paid off. Thank you and all the men in the department for the splendid work — keep it up — it pays.

C. S. ABBOTT,
Chief

Jan. 1, 1964 to Dec. 31, 1964

MARJORIE T. A. ABBOTT,
Treasurer

REPORT OF THE SECRETARY
OLIVE G. PETTIS LIBRARY, 1964

The trustees of the Olive G. Pettis Library met 10 times during the year. The cataloguing of books was worked on at each meeting—Mrs. Currier and several of the trustees giving many added hours to that project. It is hoped that before another report is due this job will be completed.

On July 25th a very successful sale of food and used books was held. At that time a Friends of the Library movement was started with 29 people joining. Regular members paid one dollar, contributing five dollars.

To the many people who donated books for this sale or to the library we offer our most sincere thanks, also to those who contributed food.

In addition to books donated at that time a complete set of Charles Dickens and of Sir Walter Scott have been given to the library by Dr. and Mrs. Charles Howard.

Approximately 250 books were received from the bookmobile this year.

Some repair work was done — supporting posts under the building replaced. More work was contracted for but has not yet been done.

Again the trustees will welcome any suggestions as to how the services of the library can be improved.

MARJORIE T. A. ABBOTT,
Secretary

REPORT OF OVERSEER OF WELFARE

RELIEF EXPENDITURES

Balance on November and December 1963 account with Towne Sugar River Pharmacy December 30, 1963.

Paid January 24, 1964 $17.02

RELIEF EXPENDITURES — 1964

It is most gratifying to be able to report there have been no relief expenditures during the past year.

The Surplus Commodities, available to low income and needy families have been an important factor in alleviating the need of welfare assistance.

Surplus Food Expenditures	
Treasurer — Sullivan County	$65.83
Total Expenditures	$82.85

OLIVE L. McCLELLAN,
Overseer of Welfare

INSPECTOR OF BUILDINGS

Of the eight building permits issued in 1964, work on four has been completed; three are currently incomplete; and one expired before any work was begun. Estimated cost of the completed projects was $14,000.

JOHN BAGNASCO,
Inspector of Buildings

AUDITOR'S REPORT

January 23, 1965

This is to certify that the books and accounts of the Town Clerk, Tax Collector, Trustees of the Trust Fund, Treasurer, and Selectmen of the Town of Goshen, N. H., have been audited as of this date and were found balanced and in good condition.

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

NOTICE — POLLS OPEN FROM 12:00 NOON TO 5:00 P.M.

To the inhabitants of the Goshen-Lempster School District qualified to vote in district affairs:

You are hereby notified to meet at the Goshen-Lempster Cooperative School in Lempster on the twentieth of March, 1965, at 12:00 Noon, to act upon Articles 1 and 2: the meeting to be recessed and opened again at two o'clock in the afternoon, to act upon the remaining articles in the Warrant (Articles 3 through 11):

1. To choose a Moderator for the ensuing year.

2. To choose one member of the School Board for the ensuing five years and one member for four years.

3. To choose Agents, Auditors and Committees in relation to any subjects embraced in this warrant.

4. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

5. To determine and approve the salaries of the School Board and fix the compensation of any other officers or agents of the district.

6. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.

7. To see if the district will authorize the School Board to appropriate receipts from federal lunch reimbursements, tuition, gifts and other receipts from miscellaneous sources, in addition to the original appropriation for 1965-66, for the school lunch program, general expenses, equipment and improvements.

8. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or state agencies.

9. To see if the school district will vote to send the eighth grade to Newport on a tuition basis for the next school calendar year; and, furnish transportation for this group. Also, to see if the school district will raise and appropriate the sum of $11,500.00 to finance the tuition and transportation of these pupils.

10. To see if the district will vote to authorize the design, construction and equipment of an addition and making necessary alterations to the Goshen-Lempster School and to appropriate a sum of money not to exceed $26,000 therefore to be raised by borrowing in accordance with the provisions of the Municipal Finance Act RSA Chapter 33 and any amendments relating thereto.

11. To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS at said Lempster this fifth day of March, 1965.

MAY NETHERSOLE,
Chairman
HORACE CRAGIN,
MURIEL CURRIER,
MARION KOSOTSKY,
DOROTHY LEWIS,
School Board

GOSHEN-LEMPSTER SCHOOL DISTRICT
SUPERINTENDENT'S REPORT

To the School Board and Citizens of the Goshen-Lempster Cooperative School District, I herewith submit my eighth and final report as Superintendent of Schools:

TEACHING STAFF

We were fortunate to be able to start our new school year (September 1964) with an experienced teaching staff. All our classroom teachers returned for another school year. We have appreciated the good work done by our teachers over the years, and Mr. Miller, our Principal, has given enthusiastic leadership in the organization, administration and operation of the school. The building was planned on a two-grade to a room seating. However, we have been over-crowded this year, particularly in the primary room. There were too many pupils in the first grade for the teacher to do justice to her students, especially in the teaching of reading groups. In spite of the increased enrollment in all rooms, our teachers should be commended on their achievement. They have been loyal and cooperative, and worked hard to provide appropriate educational experiences for the children.

CAFETERIA

The school lunch period opened on November 1st and the usual hot lunches have been served to all pupils and teachers who wished to take advantage of this school service. Mrs. Frances Newton was appointed school cook. We commend her on the quality of food prepared and the excellent meals which have been provided.

We are finding it difficult, as time goes on, to operate this department on a sound financial basis. The program is self supporting and is no way financed through the school district budget. Government shipment of surplus foods has helped to support our finances, and enable us to keep the pupil cost at a minimum. The time may come when it would seem advisable to consider including the salary of the cook in our school budget.

SCHOOL ENROLLMENT 1964

Grade 1	19 pupils
Grade 2	15 pupils
Grade 3	18 pupils
Grade 4	12 pupils
Grade 5	19 pupils
Grade 6	15 pupils
Grade 7	17 pupils
Grade 8	16 pupils
Total	131 pupils

It is expected that we will have 14 new pupils entering the first grade next year, nine coming from the town of Goshen and five from the town of Lempster. With 16 pupils graduating in June we should open school in September 1965 with a total enrollment of about 129 pupils. This building was designed for a pupil load of 120 students. We are already over capacity and our utility room is not large enough to properly accommodate the number of pupils who are served hot lunch.

IMPROVEMENTS AND MAINTENANCE

Mr. Wesley Witham has been our janitor again this year. During the summer vacation, the building was cleaned and all floors washed and waxed. The desks were sanded and varnished and the windows cleaned inside and out.

During July and August the upper grade room, the cafeteria room and the toilet rooms were redecorated. This work is part of a rotating plan for maintenance each year.

A horizontal bar was purchased and erected on the west side of the building, to be used as a station in our recreational program.

ADMINISTRATION CHANGES

Due to my retirement as Superintendent of Schools, and because of the formation of the Fall Mountain Cooperative School District, we may expect a change in the Supervisory set-up another year.

Beginning October 1, 1965 the supervisory office of Union #5 in Charlestown will be closed. All towns now in this complex will be allocated to other union combines. It is understood that on the above mentioned date, the Goshen-Lempster District will become a part of the present Newport Union. This is a first step toward the establishment of the Fall Mountain Cooperative on July 1, 1966 and the elimination of the Union #5 complex of towns.

SUPERINTENDENT'S RECOMMENDATIONS

1. That the Goshen-Lempster School District give serious consideration to the building of an addition to the present building. This would fill our need for more classroom space, and additional toilet facilities.

2. If the idea of a building addition does not seem advisable at this time, that we consider transportation of grades 7 and 8 to Newport as tuition pupils. This would enable the children to benefit by the many advantages offered by the Newport Junior High School and give them a better background and foundation as they enter the Senior High School.

3. That we consider carefully the Area School idea and realize the advantages which this type of school organization has to offer. We would hope that the present study committees will make a comprehensive report on their findings in relation to the Area School concept. Such a report would help the citizens in this district arrive at a sound decision as to the best possible plans for the future development of our schools.

CONCLUSION

I wish to thank the teachers, the School Board and Citizens of the Goshen-Lempster Cooperative District for their interest and support during the year.

Respectfully submitted,

NOYES C. STICKNEY SR.,

Superintendent of Schools

GOSHEN-LEMPSTER SCHOOL DISTRICT

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Goshen-Lempster Cooperative School of which the above is a true summary for the fiscal year ending June 30, 1964 and find them correct in all respects.

VIRGINIA WARBURTON,

Auditor

GOSHEN-LEMPSTER SCHOOL
PRINCIPAL'S REPORT

Once again it is my privilege to submit the annual Goshen-Lempster School report.

I would like to begin by expressing my appreciation to the teaching staff for their continuing efforts and devotion to the school and the student body. Without hard, dedicated work on the part of Mrs. Morrissey, Mrs. Newman, and Mrs. Starkey we would not have a school which is in every sense of the word, cooperative. We are grateful also to the non-professional staff and other members of the community who have aided us in keeping the school running smoothly.

The year that has passed since my last report has been an eventful and successful one. There has, of course, been the routine schedule of instruction in the basic subjects. This has been modified somewhat by the change to modern math in several grades and the use of the S.R.A. reading program in the upper grades. Our curriculum is also expanding in the field of science and social studies, due to increases in the amount of material that is now considered basic because of our nation's expanding culture and technology. Our audio-visual program has also been expanded through the greater use of films.

Some of the highlights of the year that stand out from the routine are:

1. A highly successful class trip to Boston, where the eighth grade visited Cinerama, The Museum of Science, Bunker Hill Monument and a large number of historic sites.

2. A successful program of instrumental music for which we are very grateful to Mr. Robert Howard.

3. A new program of vocal music by Mrs. Alice Bruno, who directed an outstanding Christmas program.

4. The Eighth Grade Graduation.

5. The Science and Book Fair which enabled us to add new books to our room libraries.

6. The Dental Clinic Program which has helped us maintain a high level of oral hygiene. Here we are grateful to the assistance of the Parent's Club and to Mrs. Starkey, who administrates the program at school.

At this point I would like to depart from the usual school report format to express a few thoughts about the present progress and future direction of our general educational policy.

Perhaps a good starting point would be a brief statement of our educational philosophy.

In general terms this might be stated as:

A belief that each child is an individual with differences and needs that must be recognized and provided for.

A belief that our nation's ability to continue as a world power depends on an increasingly higher level of education for all members of its society.

A belief that the fundamental concepts of American Democracy must be maintained, and the application and practice of these must be taught.

A belief that the school is related to social, political, and economic aspects of the community and that the school and these institutions are mutually supporting.

Therefore, under the concepts of this philosophy our objectives are:

1. To educate every child to the limit of his or her ability as far as the resources of the community and the school facilities permit.

2. To impress upon each child the value of and the practice of living in a free society.

3. To create in each child a desire for knowledge, rather than a submission to the education process.

4. To constantly revise the curriculum so that it conforms with national standards and ideals.

5. To strive for continuous improvement in educational methods and facilities.

6. To provide a wide range of activities and experiences.

7. To educate the children as future citizens of the community.

8. To educate the children for the future as far as that future can be predicted.

Keeping these objectives in mind, let us examine briefly our present system using as our guide Guide Lines for New Hampshire Elementary Education which is a recent state publication. Some of the recommendations to be found in this book are the following:

1. Provision for education of special students such as the advanced or the slow learner,

2. Specialists in the field of art, music, and physical education,

3. Guidance services,

4. Remedial reading,

5. Speech therapy,

6. Library facilities consisting of at least 10 books per pupil,

7. Foreign language teaching.

This is a parital list of the areas that are either completely lacking or are woefully inadequate in our present system.

Another important area to be considered is the increased number of pupils presently in the school and the even larger numbers that will be coming in soon. It will become increasingly difficult just to maintain our present standards when we must increase them in order to keep abreast of other communities. However, in spite of some shortcomings, I feel that we can be proud of our school and our children, and I hope that our pride will increase with the growth of our educational system.

Respectfully submitted,

GEORGE E. MILLER,
Principal

GOSHEN-LEMPSTER COOPERATIVE
SCHOOL NURSE'S REPORT

To the School Board and Citizens of Goshen and Lempster I herewith submit my annual report as School Nurse for Supervisory Union #5.

During the school year 1963-64 one hundred and twenty-three vision tests were done followed by 11 rechecks. Of this number seven children were found to have visual problems. All of these children were seen for further examination and corrections were made as needed.

One hundred and sixteen hearing tests were done followed by six audiograms. An audiogram consists of a graph of hearing which shows the loudness level or the threshold at which one can just barely hear each of the tones of the audiometer. Four children were found to have some degree of hearing loss. Parents were contacted and in three instances follow-up was made by the family physician.

One hundred and twenty-three children were weighed and measured and checked for any obvious deviation from the normal. The dental care problem which at one time presented our greatest health difficulty has much improved. Dr. Houlihan has done a fine job with the Dental Clinic which is supported by the Parents' Club and the State Department of Health. Twenty-nine children attended the Clinics during this past school year. All work found necessary was completed. More and more parents are taking their children to the family dentist and that is good.

One hundred and seventeen children and three adults were given the Tuberculin Patch Test. No one reacted to the test. This coming Spring a change will be made in the testing method and the Stern Test will be used.

It is hoped that we will be able to again give Sabin Vaccine before the close of school. The pre-school children are particularly in need of it.

There were several cases of mumps and German measles during the school year but aside from the usual illnesses it was a good year health-wise.

I would like to take this opportunity to thank the School Board, Mr. Stickney, the school personnel, and the parents for the continuing fine support they have given the Health Program.

Respectfully submitted,

FLORENCE MacIVER,
School Nurse

SPECIAL COMMITTEE REPORTS

At a special meeting held on Oct. 7, 1964 your School District appointed two committees, one to meet with other nearby towns to explore the feasibility of establishing an Authorized Regional Enrollment Area (AREA) School and the second to suggest solutions to the problems caused by an increasing school population and the stiffening educational requirements at the secondary schools to which our youngsters go after the 8th grade.

A series of meetings were held in Newport to explore the AREA concept. Briefly explained, AREA is a long-term plan wherein the sending districts contract to send all of their children to a centralized receiving district — in this case Newport — for at least 20 years. This guarantee enables longer-range planning by both groups since certainties of rental and/or tuition help the receiving district while the sending districts know that their children cannot be squeezed out should over-crowding occur.

This Newport study, however, confirmed what other AREA studies are showing — that without changes in the basic law such an arrangement is not feasible since the formula for tuition charges (pegged at state average or lower) could adversely affect the receiving district and the rental formula makes rental charges so high that sending districts are refusing to "buy" the idea. So it was unanimously decided by all parties (including the consultant) to postpone further study for several months until possible changes could be made by the legislature. Furthermore, it was the unanimous opinion of the three Goshen-Lempster members that even then the guarantee of space in the Newport School system was probably not worth the loss of choice of schools now available, especially with no state financial aid to offset the higher costs. Naturally the final decision is up to the School District at such time as the AREA study group makes a final report.

In the meantime, it was decided by your two study committees that an informal combining of the two to study the over-crowding in our Cooperative School and any educational deficiencies made good sense and offered a greater variety of ideas and insight, especially since both groups had to delve into some of the same material to get facts and make reports. So the following material has been reviewed by both of your committees.

A few statistics quickly point up our problems. First, we would note that your elementary school population (grades 1 through 8) has increased from 94 in 1954-5 (last year of separate schools) to 131 in the current year and will go to 135 next year before leveling off at a slightly lower figure. This total excludes several youngsters who

are now in private schools and could come back to us any time. It also ignores any possible growth. It should also be compared with an optimum enrollment in our building of 120. Secondly, we find that the number of tuition children in grades 9-12 has increased from 25 in 1954-5 to 47 in this current year and in projection would go to 64 by 1970, although past patterns of "drop-outs" suggests that perhaps 55 is a more realistic figure for the late '60s.

Incidentally we might point out here that your increased school costs over the past decade are the direct result of the relationship between this sharp increase in youngsters and our period of inflation. Teachers' salaries, transportation and tuition are the prime villains in this increase and are items that would have been present regardless of any past district action and regardless of any School Board decisions. Comparison of this soaring school population with town population figures show that the real problem has been the social change of younger families replacing older families.

The second big problem facing us is the "step up" in quality in the junior and senior high schools to which we send our secondary school children. French is now being taught in the 8th grade in those systems and will shortly be available to 7th graders. Are our youngsters to be denied the college course because we don't prepare them for this? Also the new math, science in lower grades and improvements in English teaching in those systems are putting our children at increasing disadvantage. So even though census figures indicate that we still can jam into our existing building for a few more years (if some more children don't move into town), the chances of our youngsters to go on for higher education are increasingly difficult as each year rolls by.

In conclusion, your committees are not making a specific recommendation; rather they are pointing out the seeming alternatives available to us. However, we do feel that the alternative of "doing nothing" should be rejected for one of the others, not so much to relieve overcrowding but to enable a broadening of the subject offering, more specialization in subject matter by teachers and more help to the youngsters at all grade levels. At the School Meeting on March 20th the pros and cons of the various alternatives and the financial aspects of each will be presented.

Briefly, your choices would seem to be these:

1. Do nothing

2. Tuition one or more additional grades to Newport

3. Turn the present activities room into a classroom with an additional teacher. Obviously hot lunch would have to be discontinued.

4. Add a new classroom (and teacher) to the existing plant. The present activities room and hot lunch program would remain as at

present. Addition of new toilet facilities should probably be considered, too.

5. Convert the present activities room into a classroom and convert the present undersized kitchen and teachers' room into a corridor. Add a new 40x50 unit which would contain a larger kitchen, new toilet rooms, a teachers' room (for sick use, too) and a hall-activities room large enough to seat about 220 people, thereby being suitable for either town or school activities.

At this same meeting a brief report on the problems encountered at the AREA meetings will be made, though no vote can be made since no formal AREA report can be submitted until the full AREA group reconvenes later in the year.

Just as the school meetings of 10 years ago set the pattern of our system for the past 10 years, the meetings of this year will decide for the coming decade or more. These decisions are more than blocks and timbers, books and hot lunch programs. They are the decisions which affect your children and grandchildren in the years to come.

ATTEND THE MARCH 20TH SCHOOL MEETING.

School Study Committee:

HORACE CRAGIN,
RITA PURMORT,
JOHN WIRKKALA

AREA Study Committee:

GEORGE MILLER,
MAE NETHERSOLE,
STANLEY H. WILLIAMSON

VITAL STATISTICS

BIRTHS

Jan. 25 — Robin Joanne Wright, to Ralph E. Wright and Viola I. Tupper.

Mar. 27 — Camilla Ruth Bailey, to Stephen Ray Bailey and Ruth Mary Blomquist.

DEATHS

Feb. 24 — Fred Lewis Morse, age 65 years. Died in Goshen, N. H. Burial in Goshen, N. H.

July 20 — Maude W. Brown, age 61 years. Died in Unity, N. H. Burial in Goshen, N. H.

Oct. 19 — Grace A. Gregg, age 73 years. Died in Newport, N. H. Burial in Goshen, N. H.

Dec. 4 — Gladys McDonald, age 54 years. Died in Boston, Mass. Burial in Goshen, N. H.

MARRIAGES

Feb. 8 — In Newport, N. H., Howard Lester Caron and Priscilla Mae Shepard, by W. F. Brown, Clergyman.

June 27 — In Washington, N. H., Bratan Vertel Robillard and Janet Julia Caron, by Abner H. Barker, Justice of the Peace.

Aug. 29 — In Newport, N. H., Raymond Edward Kempton and Deborah Jean Forest, by W. F. Brown, Clergyman.

Oct. 28 — In Newport, N. H., George Caron and Rachel Grace Caron, by Rev. David E. Hutchinson, Roman Catholic Priest.

I hereby certify that the above return is correct, according to the best of my knowledge and belief.

PHYLLIS M. BAKER,
Town Clerk
